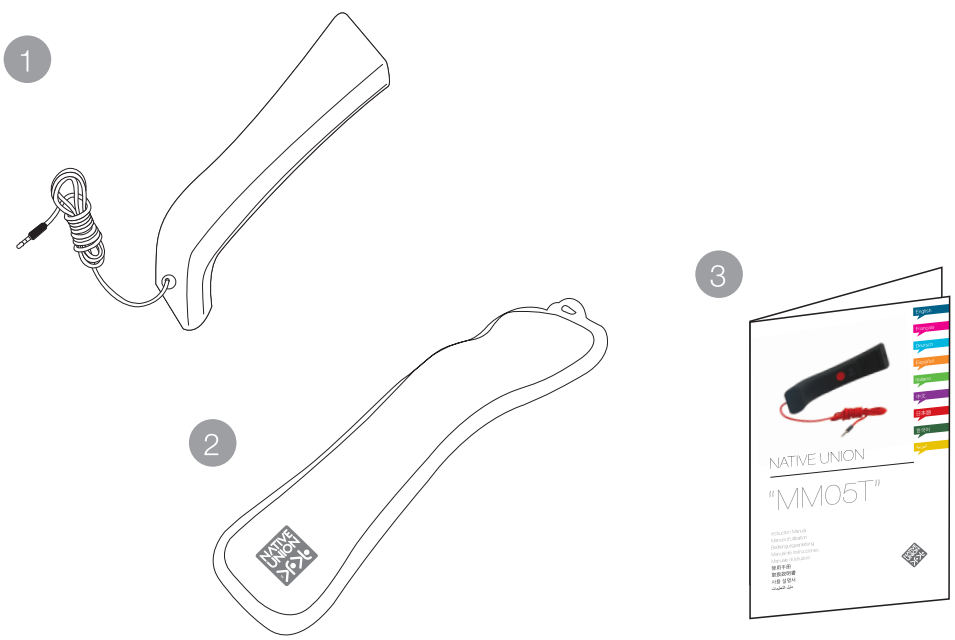
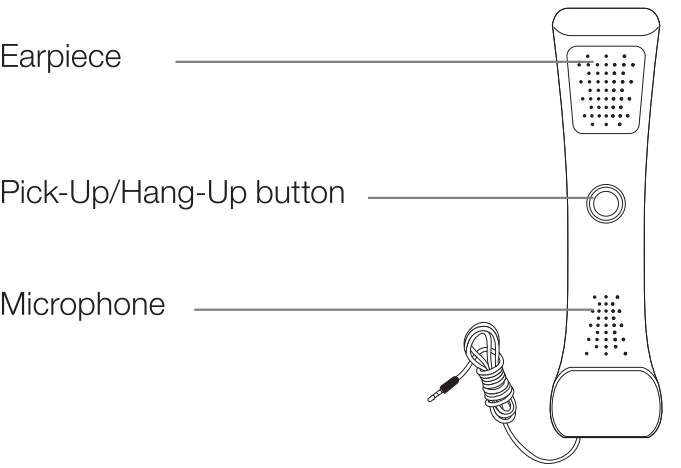
WHAT YOU GET IN THIS PACKAGE



1. MM05T
2. Neoprene Pouch
3. Instruction manual

LOCATION OF CONTROLS



BEFORE YOU USE YOUR NEW HANDSET

PLEASE READ THESE INSTRUCTIONS CAREFULLY

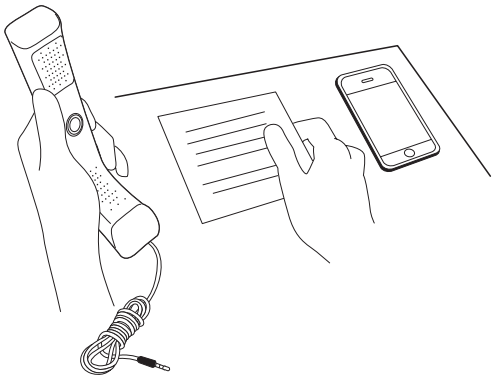
This product was designed and manufactured to meet strict quality and safety standards. There are, however, some installation and operation precautions which you should be particularly aware of:

1. Read these instructions
2. Do no use this apparatus near water
3. Clean only with dry clothing
4. Do not install near any heat sources such as radiatiors, heat registers, stoves or other apparatus (including amplifiers) that produce heat
5. Only use attachments/accessories specified by the manufacturer

HOW TO USE MM05T

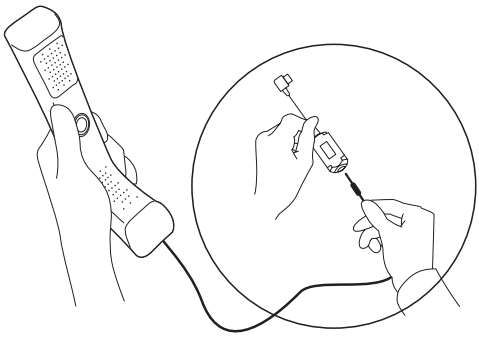
step 1

Check if your mobile phone requires any adaptor. If your mobile phone doesn't require an adaptor, please proceed directly to step 3



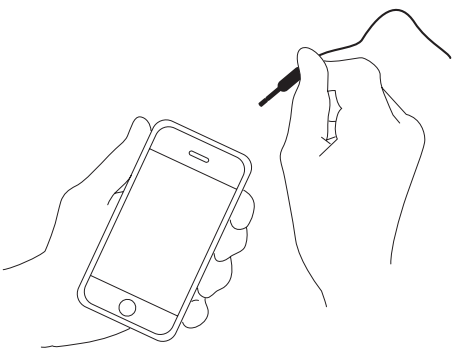
step 2

Plug the corresponding adaptor to the 3.5mm jack end of your handset



step 3

Plug the 3.5mm jack end of the MM05T securely into the 3.5mm port of your mobile phone



BE CAREFUL

not to force the adaptor into your mobile phone, you could damage it.
We can not be held responsible for any damage you will do to your mobile phone while trying to plug your Native Union MM05T.

MAKING A CALL

Once your Native Union MM05T is connected to your mobile phone, you can make a call as you normally would. Volume is controlled through your mobile phone as usual.

ANSWERING AN INCOMING CALL

Most mobile phone will support the MM05T answer button function. Just press the center button on the handle of the handset to answer a call.
If your mobile phone doesn't support the answer button function, you can then answer the call by pressing the regular answer button on your mobile phone.

DISCONNECTING A CALL

Simply press the center button on the handle of the MM05T to end a call. If your mobile phone doesn't support the button function, you can then end the call by pressing the regular disconnect button on your mobile phone.

REDIALING LAST NUMBER

Depending on your mobile phone brand and model, you may be able to redial the last number called by simply pressing the center button of the MM05T while the phone is in standby.

VOICE ACTIVATED DIALING

The MM05T also supports "voice activated dialing" with certain brand and model of mobile phones. Before you can use this function, you need to set up voice tags on your mobile phone (please check your mobile phone's instruction manual for more details).
To make a voice activated call, hold down the center button of the handset until you hear an alert tone. You must then pronounce clearly the name of the contact you wish to call.

TROUBLE SHOOTING

If you are having problems using your Native Union MM05T, please go to www.nativeunion.com for further help, or consult your local retailer.

ADAPTORS

The Native Union MM05T handset works with most of the mobile phones available on the market. However, some of them might require a special adaptor to connect to your MM05T. To check which adaptor your phone might need, please go to www.nativeunion.com/adaptors
